

I-7510:

Pin Assignment and Specifications:

7510: RS-485 Repeater

- Input: two-wire RS-485, (D+, D-)
- Output: two-wire RS-485, (D+, D-)
- Speed: "Self Tuner" inside, auto switching baud rate, from 300 to 115200 BPS
- Isolation voltage: 3000V
- Connector: plug-in screw terminal block
- Power requirements: +10V to +30VDC
- Power consumption: 2.2W(Max)
